UST.

Ideal for both replacement and new-build projecots

The Casio UST can be mounted close to the wall and create large, powerful presentations even in smaller rooms. The Casio UST is switchable between WXGA and XGA resolutions offering compatibility with new and existing installations. On screen shadowing is virtually eliminated, allowing for more creative and engaging presentations. The mercury-free Laser & LED light source offers excellent total cost of ownership, with virtually no maintenance throughout the projector's 20,000 hour lifetime.
